Project Sheet

Project name: Lap top and Panneau Solar

Open date: January 2015

Start planed: January 2015

Finish date: February 2015

Description Why?

Considering the Children at MDO needs to introduce at the informatics considering they need to do the pratuce and Mont Des Oliviers have only on (1) Computer. In fact we ask to missions und Bastel gruppe Brachelen to help us to bay 5 Lap top + 5 panneau Solar.

Total Cost estimate

A)we estimate 1 lap top will cost

\$500 US for 5x500= \$2 500 US.

A)We estimate (1) panneau solar 135 Wattes Cost:

\$ 250 US , For 5x 250 US = 1,250 \$.

Time Planed : we planed January 2015

Time completed: We Completed February 2015

Total Cost of project: \$ 3 750 US.

Details:

The Lap top and panneau solar project are very important for Mont-Des-Oliviers School. To introduce the children at the informatics, to coordinate the project of MDO move explicite. they Children like so much this project because majority school use this systeme in the benefit of children who visiting the school. In this context we need to buy about 5 lap top and 5 panneau Solar to begin.
